INSURANCE TAX

STILL UP BEFORE THE COUNCIL—
TO BE SETTLED SEPT. 4.

SPECIAL POLICEMEN

Chosen for the County Fair Week—
Council Grants Skating Rink Li-
cense to Lester French.

The question of the insurance tax is still bothering the city council. It had been planned to pass an ordinance at last night's special meeting, removing this tax from the fire insurance companies, who, because of it, have raised their rate 20 cents on the \$100 on stocks of merchandise and business houses, thus making the merchants pay about four times as much as the city receives.

City Attorney Crawford had drawn up an ordinance providing for the change in taxation, but he said that he had found it was unlawful to remove the tax from the fire insurance companies and leave it on the life insurance companies. The council then referred the matter to the finance committee to be reported on at the next regular meeting, September 4.

The tax collected from the fire insurance companies amounts to \$870 a year, from the life insurance companies \$210 and on each agent there is a tax of \$3.

The council also commissioned a large force of special policemen for fair week. The following nineteen men were commissioned to act as police on the fair grounds: O. P. Wade, C. A. McCoppin, William Robey, Jake Moore, Robert Snodgrass, Frank Ewing, H. M. Souers, William Hansen, E. E. Tilton, Thomas Moss, Robert Yeaman, Frank Oliver, Frank Kelley, Bruce Munlay, J. L. Gage, Ray Shippy, Cooper Gooden, I. J. Phipps and George Lucas.

Five men were commissioned to act as assistants to Chief Moberly in policing the city and regulating traffic to and from the grounds. They are M. I. Woods, James Mozingo, Charles Roberts, Albert Hillard and Charles Robinson.

The board of aldermen also authorized the mayor to commission the following men if they are needed: James Smith, J. H. Killion, John Lorange and Ezra Phipps.

A motion was passed to grant Lester French a license for a skating rink, and the hour of closing changed from 9 o'clock at night to 10 o'clock.

The water meter rent for the quarter ending September 31 was ordered paid to the board of public works in advance, in order that bills for the present work might be paid.

COMMITTEE MEETING.

Richard Tobin Resigned as Committee-
man From Nodaway—S. S.
Webb Selected.

The Democratic county committee was in session Friday afternoon to discuss plans for the campaign. Richard Tobin, who was elected as committee-man from Nodaway township, resigned and S. S. Webb was elected to succeed him. The members of the committee present were: J. F. Robb of Hopkins township; J. C. Hocker of Washington; A. G. Castillo of Lincoln; Howard Bancroft of Atchison; C. H. Talbott of Hughes; W. S. Linville of Monroe; E. O. Gray of Union, and John Dawson, chairman, and Ellis G. Cook, secretary.

All of the candidates on the Democratic county ticket were in attendance at the meeting Friday.

To Teach at McFall.

Miss Louise Marshall of Mound City, who has been visiting in Maryville for the past few days, left this morning for McFall, Mo., where she will teach in the high school during the coming year. Miss Marshall is a graduate of the Maryville State Normal school of the class of 1914. Miss Marshall's mother, Mrs. Jennie Marshall, accompanied her to McFall.

WERE BURNED TO DEATH.

The Children of Mrs. Nisgo, Daughter
of Madison Goodson of Ravenwood,
Died as Result of Burns.

Three small children of Mr. and Mrs. Oliver Nisgo of Gilman, Col., former residents of Ravenwood, were burned to death and Mrs. Nisgo is in a serious condition from burns received in a fire Wednesday night which destroyed their home and its contents.

Mrs. Nisgo's brother and sister, Ira and Frankie Goodson, of Ravenwood, have gone to Gilman. Mrs. Nisgo is the eldest daughter of Mr. and Mrs. Madison Goodson of Ravenwood.

No particulars of the tragedy are yet known. The telegrams received by the Goodson family gave only the most meager news. Mr. Nisgo has been in business at Gilman for a number of years.

READING CIRCLE BOARD.

FIVE ARMY CORPS

OF THE RUSSIANS DEFEATED
NEAR ALLENSTEIN.

ENGLAND VICTOR ON SEA

Three German Cruisers Destroyed and
Loss of Life on Them is Re-
ported Not Heavy.

(By American Press.)

Berlin, August 29.—News of the defeat of five Russian army corps, south of Allenstein, made public here today. It is regarded as encouraging and greatly relieving the situation in East Prussia. Allenstein is about sixty miles south of Koenigsburg.

WAR NEWS SUMMARIZED

Again there was a paucity of news concerning the land warfare in Europe. The French war office, in a statement, said laconically that the situation along its lines was unchanged, adding that the Germans apparently have slackened their march. That was all.

From England there came not a word concerning the fighting on land.

The German forts at Tsingtao fired upon two Japanese cruisers reconnoitering off the fortress. One of the cruisers is said to have been damaged.

Louvain, a Belgian town of 50,000 inhabitants and with many historic buildings, is reported to have been burned.

Because of the nonpayment of a war levy of \$40,000,000, the Germans, it is said, threaten to seize the famous pictures and objects of art in the museums of Brussels.

London, Aug. 29.—It is announced that the British fleet has sunk two German cruisers and two German torpedo boat destroyers off Heligoland. A third cruiser was set afire and was left sinking.

No British ships were lost in the battle, it was added, and the British loss of life was not heavy.

In addition to the two torpedo boat destroyers and three cruisers, many of the German torpedo boats were damaged.

Recent reports had it that a large part of the flower of the German navy lay in the waters adjacent to the mouths of the Elbe and Weser and in the Kaiser Wilhelm canal.

Rear Admiral Sir David Beatty commanded the British forces and with a strong array of torpedo boat destroyers, battle cruisers and light cruisers and submarines, attacked the Germans in Heligoland light. The protected cruiser Mainz was sent to the bottom in an engagement with the light cruiser squadron, while the battle squadron sank another cruiser of the Coeln class.

One cruiser, battle-scarred and on fire, drifted away in a sinking condition and was last sight of.

The British cruiser squadron, according to the semi-official report of the battle, although attacked by submarine boats and menaced by floating mines and the guns from the German warships, suffered no serious losses.

The cruiser Amethyst and the torpedo boat destroyed Laertes were damaged, but all the ships in the British fleet were afloat at the end of the engagement.

A wireless dispatch received from one of the cruisers said it was making for port with men wounded in the engagement.

Senegambia Taken.

Hongkong, Aug. 29.—The German steamer Senegambia, with a cargo of cattle and coal, was made a prize, jointly by the British cruiser Hampshire and the French cruiser Duplex. The German steamer C. Ferdinand Laeisz, which sailed from Yokohama on July 26 for New York, arrived here, a British prize. It is reported that the German steamer Yorck and Prinz Waldemar also have been captured and are being brought here.

The British torpedo boat destroyer Welland has engaged and sunk the German torpedo boat destroyer S-90 in Chinese waters.

The German merchant ships, the steamers Frisia, Hanametal and Paklat, have been captured by the British fleet and taken to Weihaiwei. A number of refugee women and children from Tsingtao on board the Paklat were transferred to another vessel and taken to Tientsin.

The steamer Hanametal flies the American flag.

Belgian Queen Won't Leave.

Antwerp, Aug. 29.—Queen Elizabeth of the Belgians has refused to accede to the wishes of her family that she leave Belgium by sea. She is working every day in the Red Cross hospitals.

Home From Visit.

Miss Mabel Null returned last night to her home in Pickering, after a visit in this city with Miss Helen Wamsley, and at Bedison with Miss Claire Kidder.

MORE FAIR PRIZES

FOR THE BABY SHOW AND THE
CHICKEN SHOW.

MANY EXHIBITS HERE

And Horses Are Arriving Daily for the
Horse Show and the Races—
Boxes Have Been Sold.

The county fair will open Tuesday and the indications are that it will be largely attended. Many season tickets have been purchased and they will be kept on sale at the drug stores and the Real Estate bank and Farmers Trust company during the fore part of next week.

Many horses are being sent here for the horse show to be given during the mornings of the fair and for the races. Then cattle are being sent in, and a large number of other exhibits, such as agricultural products.

By Monday all arrangements will be ready for the opening. The concession men are coming on each train, and at present the fair grounds present a busy appearance.

Four boxes have been built from the grand stand for the races. They have been sold to W. C. Pierce, R. P. Hosmer, W. F. Phares, H. F. Leet, Dr. D. J. Thomas, Dr. Will Wallis, Jr., Fay Bellows and Edward Keck.

The list of premiums for the Nodaway county fair continues to grow, the prizes ranging from gold to merchandise for exhibits that start with the baby show and end with the mule race.

The Gillam-Jackson Loan and Trust company has donated \$50 in gold to the baby show, to be divided as follows: The best baby boy, \$10 in gold; second prize, \$5 in gold. The best baby girl, \$10 in gold; second, \$5 in gold. The best pair of twins, \$10 in gold; second, \$5 in gold. Each contestant will receive some small gift.

The baby show is to be held Wednesday.

The Real Estate bank offers \$25 in prizes for the best pens of poultry, \$5 in gold going to the best pens of each of five varieties. The following are the varieties of chickens for which the prizes are offered: Any variety of Rocks, Wyandottes, Orpingtons, Rhode Island Reds and Leghorns.

The Townsend Grocery company offers 500 pounds of flour to the winner of the mule race.

A. O. Mason offers \$5 for the best twenty ears of corn of any variety.

TWO MORE CHAUTAUQUAS.

The One at Burlington Junction Com-
menced Today—Hopkins Assem-
bly Opens Sunday.

The Chautauqua at Burlington Junction opened this afternoon at the public school grounds in that city. The program this afternoon was given by the Merry-makers Sextet and by A. L. Blair, who lectured on "The Whirr of the Press." The program this evening will consist of a concert by the Merry-makers Sextet. For Sunday, the afternoon program will consist of music by the McDonald company, and a lecture by Chaplain E. H. Lougher on "A Thousand Million Men." In the evening there will be music by the McDonald company, and an illustrated lecture by Walter G. Smith of the Panama canal. The assembly at the Junction will close Wednesday.

The Hopkins assembly will open Sunday and will be held in the city park there. The program for Sunday consists of a concert by the Merry-makers Sextet and a lecture by A. L. Blair on "The Whirr of the Press." The evening program will be given by the Merry-makers Sextet.

The programs to be given at Burlington Junction and Hopkins are the same.

BASKET DINNER TOMORROW.

At Buchanan Street Methodist Church
—Dr. Paul H. Linn to Preach
in the Morning.

Dr. Paul H. Linn, president of Central college of Fayette, Mo., will occupy the pulpit of the Buchanan Street Methodist church on Sunday morning. Dr. Linn is a former pastor of the church. As Sunday will be the last one of this conference year, a home-coming will be had and a basket dinner will be served on the lawn of J. H. Thorp. Afternoon services will be held and a report of what has been accomplished during the year will be given.

Dr. Linn will preach Sunday evening at the M. E. church, South, at Ravenwood. Rev. Randolph expects to leave for conference Tuesday morning. It is to be held in St. Joseph.

THE FUR ANKLET.

Rumored That Will Be the Newest
Thing and What Homer Croy
Has to Say.

The following is from this week's Judge, written by Homer Croy, under the caption "Proposals Wanted:"

It is rumored that the newest thing on the board walk at Atlantic City in the autumn will be the fur anklet. This seems to be doubted by many people. All persons wishing to find out more about the anklet can interest me. I am open to a proposition to make investigations for a limited number of people. Any time anybody wants to have any looking of this kind done for him, he may address me in care of this magazine. I shall be only too pleased to submit sealed bids.

BAND FOR KIDDIES' PICNIC.

Everything Ready for the Big Outdoor
Celebration Monday.

Some lively band music is to help make the school children's picnic more lively Monday. The Commercial club has engaged the Maryville band as an escort both to and from the picnic grounds and to furnish music during the afternoon.

The start is to be made at 1:30 o'clock from the library and there have been sufficient autos provided to take all the children. Superintendent Westbrook and Rev. Robert L. Finch, who have charge of the games and sports, have provided a good program of events, and the children will be accompanied by a number of parents and teachers who will exercise a careful espionage, that no accidents or mishaps will occur.

MATERIAL IS HERE.

For the Sandpoint System and Work
Began This Afternoon of Lay-
ing the Pipes.

The material for the sandpoint system for supplying the city with water is all here and the work commenced today of laying the pipes. Mr. Hockensmith, the Wabash man, will be here Monday morning and he, with Mr. Hooper, will drive the sandpoints. City Engineer Flynt is of the opinion that the city will have a supply of water by the last of next week if there is no unexpected setback.

SUES FOR DIVORCE

MRS. STAPLES BRINGS SUIT
AGAINST W. J. STAPLES.

OTHER SUITS ARE FILED

Today is the Last Day of Service for
Cases for the September Term
of Circuit Court.

A suit for divorce filed Saturday was by Florence L. Staples vs. Willis J. Staples, who is the agent here for the Wells-Fargo Express company and the Western Union.

The petition states that they were married in Bremer county, Ia., on May 23, 1878, and that they continued to live together until April, 1908, when defendant absented himself without just cause. The petition alleges that the defendant offered to plaintiff such indignities as to render her condition intolerable, often maltreated plaintiff and cursed and abused her; at sickness, defendant complained of the expense of medicine and of medical treatment; in presence of plaintiff and other members of the family, defendant falsely accused plaintiff of being of unsound mind and threatened to incarcerate her in state hospital No. 2 at St. Joseph; that there exists such incompatibility of temperament between plaintiff and defendant that they cannot live together in as agreeable a manner as husband and wife should.

The petition claims that the defendant is worth \$16,000 in real estate and personal property and plaintiff is praying for a divorce, support and alimony as the court may give to her.

Shinabargar, Blagg & Ellison are the attorneys for Mrs. Staples.

Another divorce suit filed Saturday was by Myrtle Pulley vs. Carlos Pulley. The petition states that they were married in Andrew county, October 7, 1893, and lived together until February 27, 1914. The petition alleges indignities and says that the defendant is worth \$4,000. A divorce, such support and alimony as the court may see fit to give is asked for. The attorneys for Mrs. Pulley are J. W. Sullinger of King City and Shinabargar, Blagg & Ellison of this city.

A suit filed Saturday to set aside a deed was that of Catherine Gebbekin, Patricia L. Stevens, James Charles O'Connor and John O'Connor, Jr., vs. P. L. Growney and Phil R. Growney. It is a suit to divest title to some land out of Phil Growney's name to the plaintiffs, and also for a judgment of \$720, rents and profits which the plaintiffs claim the defendants owe them. Moore & Noble and M. E. Ford are the attorneys for the plaintiffs.

Saturday was the last day of service for all cases for the September term of court with the exception of suits on notes and accounts. The September term will convene on Monday, September 28. There are many cases on the docket and a number of important ones.

A suit filed this afternoon was by Shinabargar, Blagg & Ellison for Lydia F. Weber vs. John Dubbe, being an ejectment suit for possession of a dwelling house, and for damages of \$100, and rent at \$15 per month since June.

INCREASE OF \$800.

Nodaway County Will Receive That
Much More School Money Than
Last Year.

Nodaway county will receive this year \$20,527.44 school money from the state, and the county court at their meeting to be held September 7 will make requisition for this amount. The county received in 1913 \$20,230.18.

PLAYGROUNDS FOR NATIONS.

Canada's National Park—Yellowstone, at Present Largest in World, to Be Dwarfed by One in Africa.

Playgrounds are big as principalities! Parks the size of provinces!

The young nations of the world are providing these things for themselves; they are growing up, and are looking ahead to the future.

Only the other day, for instance, Canada passed an order in council setting aside as a national park an area of approximately 100 square miles in British Columbia, near Mount Revelstoke, on the Canadian Pacific railway.

It will be known as the Revelstoke national park, and within its borders are specimens of nearly all kinds of scenic beauty, including glaciers, snow clad mountain peaks, waterfalls, lakes and rivers.

Australia's new national playground, situated in New South Wales, also has a mountain—Mount Kosciusko—as its central feature, and is practically identical in point of size with Canada's. But neither of these bears comparison, either for size or for grandeur and beauty, with America's Yellowstone national park, which covers an area of 3,348 square miles; nearly equal, that is to say, to that of Kent, Surrey and Sussex combined.

The Yellowstone park was set aside as a playground in perpetuity for the people of the United States so long ago as 1872. Within its borders is to be found the most wonderful collection of natural marvels in the world—the biggest geysers, the highest waterfalls, the deepest canyons, the most stupendous precipices. One sheet of water alone, Yellowstone lake, covers an area of 339 square miles, and is of surpassing beauty; and there are, beside, innumerable smaller lakes, boiling springs, mud volcanoes, caves and grottoes of vast extent, and fantastically carved and beautifully colored basaltic terraces of every conceivable shape and design.

The Yellowstone is at present by far and away the biggest national playground in the world, but it will presently be dwarfed into comparative insignificance by the one which the German government is about to establish near Lake Eyassi, in East Africa, and which will be 30,000 square miles in extent, roughly the size of Ireland. Here it is intended to preserve in their natural surroundings specimens of all African fauna that is not carnivorous—zebras, giraffes, elephants, monkeys, antelopes and so forth.—Tit-Bits.

INDIAN TROOPS ON WAY TO AID ALLIES

Asiatic Subjects of Empire Will
Fight I's Foes In Europe.

London, Aug. 29.—Native troops from India are now on their way to increase the British forces in France.

Lord Kitchener, secretary of state for war, announced in the house of lords that in addition to reinforcements, which would be received from England, the government had decided that the British army in France should be further increased. The troops to increase the forces were now on the way, he said. He added that all the gaps in the army in France were being filled up.

That the employment of native Indian troops was meant by Lord Kitchener was later confirmed by the Marquis of Crewe, secretary of state for India, who said:

"It has been deeply impressed on the government that the wonderful wave of enthusiasm and loyalty at the present time passing over India is largely due to the desire of the Indian people that Indian soldiers should stand side by side with their comrades in the British army."

Mr. and Mrs. Dick Tulloch of Barnard returned to their home last night, after a short visit in Maryville.

George Yates of Burlington Junction was a business visitor in Maryville yesterday.

French and English Surrounded.

Washington, Aug. 29.—"The French and English north armies on the Sem bre and Meuse rivers have been surrounded by German troops on all sides as a result of the latest fighting," says a wireless from Berlin to the German embassy. The message adds that the "French east army has been partly driven to the south. This has prevented communication between the French east and north armies, while all the German armies are in contact from Cambrai through upper Alsace. The German cavalry has advanced to Ostend."

Asquith to Stimulate War Spirit.

London, Aug. 29.—Premier Asquith has decided to address meetings in the principal cities in the United Kingdom to make plain the cause of the war and to set forth that it is the duty of every man to do his part to make the issue a successful one for British arms. The premier has dictated letters to the lord mayors of various cities with regard to these meetings.

BABY WEEK At Our Studio August 31--September 6

Of course the children are always welcome at Marcell's but for this one week we are making special efforts to entertain them. Also we are making a special portrait offer that you can't afford to miss—

With each dozen cabinet photos or larger we are giving free one fine large picture suitable for framing.

Baby days and Baby ways are over all too soon. Baby in his first dress, in his rompers, his first steps and on till you send him to school are all occasions to be made record of by a picture.

Don't neglect the Children's pictures. Have them made now before they lose their childish unaffected grace—

Take advantage of our special offer—See our display, call at the studio and let us explain further.

It is known that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

GERMANS SET LOUVAIN AFIRE

Belgian Town Given to Torch by Victorious Invaders.

FORMAL PROTEST MADE TO U. S.

Belgian Minister Files Complaint With American State Department at Washington—He is Deeply Moved and Says Matter Concerns World.

Washington, Aug. 29.—The Belgian foreign minister reports that the Belgian city of Louvain, in the province of Brabant, has been burned by the Germans.

Formal protest against the burning of Louvain by German troops as a violation of international law and the laws of humanity was submitted to the state department at Washington by Belgian Minister Havenith.

The minister was deeply moved, when he left Secretary Bryan's office, where for the last few weeks his visits have meant the record of pathetic history for his country.

"I bring this knowledge to the United States," the minister said, sadly, "for it is not only Belgium who has to mourn. This thing concerns the whole world."

The loss of the old church of St. Pierre was mentioned and also the destruction of the "jewel of Gothic architecture," the Hotel Bille.

In conclusion the message ran as follows: "Americans, many of whom have followed courses at this illustrious alma mater and have there received such cordial hospitality cannot remain insensible to this outrage on the rights of humanity and civilization, which is unprecedented in history."

The city was burned by the Germans as an act of reprisal, alleging Belgian citizens fired on German soldiers. The Belgians claim, however, the people of Louvain did not commit the hostile act charged, but that it was the Germans themselves who fired on their fellow countrymen.

OFFICIAL REPORT OF DEED

Belgian Ministers Lodge Protests With Powers Over the Act.

London, Aug. 29.—The war information bureau announces the following:

The Belgian minister of foreign affairs reports that a German army corps, after receiving a check, withdrew in disorder to the city of Louvain. The Germans on guard at the entrance of the city, mistaking the nature of this incursion, fired on their countrymen, whom they mistook for Belgians.

In spite of all the denials from the authorities, the Germans in order to cover their mistake, pretended it was the inhabitants who had fired on them, whereas the inhabitants, including the police, all had been disarmed more than a week before.

Without inquiry and without listening to any protest the German commander announced that the town would be destroyed immediately. The inhabitants were ordered to leave dwellings and some were made prisoners. The women and children were placed on trains, the destinations of which are not known, and soldiers, furnished with bombs, set fire to all parts of the city. The splendid Church of St. Peter, the university buildings, the library and scientific establishments were delivered to the flames.

Several notable citizens were shot. The city, which had a population of 45,000 and was the intellectual metropolis of the low countries, is now nothing more than a heap of ashes.

Wilson's Observe Mrs. Sayre's Birthday

Windsor, Vt., Aug. 29.—President Wilson, who came here to begin his first vacation of the summer at "Harkenden House," with his family celebrated the birthday of his daughter, Mrs. Francis B. Sayre. Despite the efforts of all members of the family to make the occasion a happy one, the recent death of Mrs. Wilson could not be forgotten. The president did his best to appear cheerful, but plainly showed his grief.

Bankers to Meet Reserve Board.

Washington, Aug. 29.—A conference between representative bankers from the twelve reserve cities and other business centers and the federal reserve board, which may result in an immediate announcement of the time of the opening of the new banking system, was called by the board for Sept. 4. Two bankers have been invited from each reserve city and six others from non-reserve cities.

Three Cruisers Are Hunting Leipzig.

Seattle, Wash., Aug. 29.—The British cruisers Newcastle and Rainbow and the Japanese cruiser Izumo, are still cruising along Vancouver Island and the northern British Columbia coast, seeking the German cruiser Leipzig. The belief is growing that the German vessel did not come north of Cape Mendocino, Cal., where it was sighted ten days ago.

Montreal Sentry Slain.

Montreal, Aug. 29.—Sixteen-year-old Gordon Bette, private in the Fifth Royal Highlanders, was shot in the eye and killed by an unseen assailant while on sentry duty at the canal at Soulanges. Soldiers at Soulanges, guarding the canal, have been fired on repeatedly during the last few days.

Those in the party beside the visiting guests were Miss Clydell White, Miss Leona Pierpoint, Miss Mildred Nicholas, John Wallace and Glen Pierpoint.

A Moratorium.

The term "moratorium" is so seldom used that it is not familiar to many. The moratorium which has been declared by most European nations is a period during which one has a legal right to delay meeting an obligation, especially such a period granted to a bank by a moratory law, which is a law passed in a time of financial panic to postpone or delay for a period the time at which notes, bills of exchange and other obligations shall mature or become due.

Frank Fanning was arrested last night, charged with drunkenness. He was arraigned before Mayor Wright this morning and his fine and costs amounted to \$11.10, which were paid.

Tires at Before-War Prices**Goodyear Prices**

It Is Folly Today to Pay More

34 x 4	" "	24.35
36 x 4 1-2	" "	35.00

There exists now a new, compelling reason for buying Goodyear tires. It results from war conditions.

These leading tires—built of extra fine rubber, in the same way as always—are selling today at June prices.

You will find today a very wide difference between most tire prices and Goodyears.

Due to Quick Action

Early in August—when war began—the world's rubber markets seemed closed to us. Rubber prices doubled almost over night.

Men could see no way to pay for rubber abroad, and no way to bring it in. We, like others—in that panic—were forced to higher prices. But we have since gone back to prices we charged before the war, and this is how we did it:

We had men in London and Singapore when the war broke out. The larger part of the world's rubber supply comes through there. We cabled them to buy up the pick of the rubber. They bought—before the advance—1,500,000 pounds of the finest rubber there.

Nearly all this is now on the way to us. And it means practically all of the extra-grade rubber obtainable abroad.

Today we have our own men in Colombo, Singapore and Para. Those are the world's chief sources of rubber. So we are pretty well assured of a constant supply, and our pick of the best that's produced.

We were first on the ground. We were quickest in action. As a result, we shall soon have in storage an almost record supply of this extra grade of rubber.

And we paid about June prices.

Now Inferior Grades Cost Double

About the only crude rubber available now for many makers is inferior. In ordinary times, the best tire makers refuse it. Much of it had been rejected. But that "off rubber" now sells for much more than we paid for the best.

The results are these:

Tire prices in general are far in advance of Goodyears. And many tire makers, short of supplies, will be forced to use second-grade rubber.

Be Careful Now

In Goodyears we pledge you the same grade tire as always. And that grade won for Goodyears the top place in Tiredom—the largest sale in the world.

And, for the time being, our prices are the same as before the war. We shall try to keep them there.

We accept no excessive orders; but dealers will be kept supplied. And we charge them, until further notice, only ante-bellum prices.

That means that Goodyears—the best tires built—are selling way below other tires.

ALLIES ARE NOW ON DEFENSIVE

"Iron Ring" Is Put Around British and French Armies.

London, Aug. 29.—News of the gravest character came from France, where in a single week the aspects of the operations have changed entirely. Last week the allied armies were pursuing an offensive campaign on all the frontiers. Now, according to official news received from Berlin, Emperor William is congratulating his people on the success of the German arms in the task of putting the "iron ring" around allied armies from Cambrai, department du Nord, France, to the Vosges, while Lord Kitchener, the British war minister, came into parliament with the announcement that troops from India are being called to help the British army in France, and that the British army is to be immediately reinforced.

It is already realized that the terrible struggle is only at its beginning, and that the German plan of campaign, openly revealed to Sir William Edward Goschen, then British ambassador to Germany, by Gottlieb von Jagow, the German foreign secretary, namely to strike the swiftest and strongest blow at France, regardless of Belgian neutrality or any other hindrance, and then, when France is at Germany's feet, for Germany to turn its attention to the Russian attack, is being carried through ruthlessly.

The offensive strategy of the allies is abandoned. The German army, in vastly superior numbers, has imposed on the allies, a purely defensive strategy, which is devoted to delaying as much as possible what now seems to be an inevitable advance on Paris.

MEN OFF TO WAR

American Artists Help French Women Get In Crops.

London, Aug. 29.—The American artists, who, along with a number of British painters, make their summer homes at Etaples, near Boulogne, France, with one exception, are coming over to England. Marion Barlow, a well known American painter, has decided to stay.

Two of the refugees, John Noble and Henry Tanner, arrived in London. Mr. Noble, who comes from Wichita, Kan., said that a portion of the British expeditionary force marched past his house. The arrival of the British soldiers made a wonderful change in French feeling.

Before their departure from Etaples, Mr. Noble and Mr. Tanner helped the women of the vicinity get in their crops, all the men having been called to the colors. When Mr. Noble left Etaples wounded men were being brought into Paris-Plage.

Home From Northern Trip.

Mr. and Mrs. G. B. Roseberry and daughter returned last night from a three weeks' northern lake trip. They also visited at Conrath, Wis., with Mrs. Roseberry's aunt, Mrs. John Tate, and family.

MISSOURI'S POTATO PATCH.

It Contains 87,000 Acres with Probable Yield of 4,402,000 Bushels.

The Missouri Irish potato patch contains 87,000 acres this year, and the total production will be approximately 4,402,000 bushels, according to estimates made by the United States crop reporting board. The condition of the crop is 87 per cent of normal and the price at the present time is averaging around \$1.14 per bushel.

In continental United States there are 3,708,000 acres planted to this product and this year's production is estimated at 360,614,000 bushels by the federal department of agriculture. This year's crop will exceed the average crop of the past five years by approximately 4,000,000 bushels. The rations produced last year was 331,525,000 bushels, was produced on 3,668,000 acres of land and sold for \$227,903,000, or an average of 90 cents per bushel.

Good Corn Despite Dry Weather.

J. M. Wilson of Graham has corn that will make fifty bushels to the acre, having 300 acres of just this kind of corn. He has another field of forty acres of white corn that he believes will turn out more than ninety bushels to the acre. The Graham Record says.

Mr. Wilson is now filling three large silos, which will hold 750 to 800 tons of ensilage. He figures that his corn, that he is cutting for ensilage, will make from twelve to fifteen tons to the acre. He says that this is the best balanced feed one can give to cattle. They like it and do well on it. It is not a fattener and should not be used for that, only a balance feed and when given to cattle in this way, no farmer can afford to be without a silo. Beside being a banker, one can readily see that Mr. Wilson is somewhat of a farmer.

Says He Is Mistaken.

James A. Glover of Burlington Junction says that he was sure George S. Baker was mistaken in the date of the cold spell that ruined the crop and did other great damage. The Democrat-Forum yesterday quoted Mr. Baker as saying the freeze came fifty-one years ago yesterday, August 26. Mr. Glover is certain that the date was sixty-one years ago today, August 27, as the freeze was so severe it was a date long to be remembered. He was living at Naperville, Ill., at the time and the heavy frost practically ruined the corn crop all over the central west.—Burlington Junction Post.

And now Leonard Houston believes he has some of the beatenest beets of the season. One beet in his garden weighed 3 pounds and 6 ounces, and measured 20 1/4 inches in circumference. Two other beets weighed 2 pounds and 14 ounces, but Leonard failed to find what their girth measured. The Post agrees with Leonard that those are "some beets" and are hard to beat any place.—Burlington Junction Post.

INSURANCE TAX

STILL UP BEFORE THE COUNCIL—
TO BE SETTLED SEPT. 4.

SPECIAL POLICEMEN

Chosen for the County Fair Week—
Council Grants Skating Rink License to Lester French.

The question of the insurance tax is still bothering the city council. It had been planned to pass an ordinance at last night's special meeting, removing this tax from the fire insurance companies, who, because of it, have raised their rate 20 cents on the \$100 on stocks of merchandise and business houses, thus making the merchants pay about four times as much as the city receives.

City Attorney Crawford had drawn up an ordinance providing for the change in taxation, but he said that he had found it was unlawful to remove the tax from the fire insurance companies and leave it on the life insurance companies. The council then referred the matter to the finance committee to be reported on at the next regular meeting, September 4.

The tax collected from the fire insurance companies amounts to \$870 a year, from the life insurance companies \$210 and on each agent there is a tax of \$3.

The council also commissioned a large force of special policemen for fair week. The following nineteen men were commissioned to act as police on the fair grounds: O. P. Wade, C. A. McCoppin, William Robey, Jake Moore, Robert Snodgrass, Frank Twing, H. M. Souers, William Hansen, E. E. Tilton, Thomas Moss, Robert Yeaman, Frank Oliver, Frank Kelley, Cooper Munlay, J. L. Gage, Ray Shippis, Cooper Gooden, I. J. Phipps and George Lucas.

Five men were commissioned to act as assistants to Chief Moberly in policing the city and regulating traffic to and from the grounds. They are M. I. Woods, James Mozingo, Charles Roberts, Albert Hillard and Charles Robinson.

The board of aldermen also authorized the mayor to commission the following men if they are needed: James Smith, J. H. Killion, John Loranee and Ezra Phipps.

A motion was passed to grant Lester French a license for a skating rink, and the hour of closing changed from 9 o'clock at night to 10 o'clock.

The water meter rent for the quarter ending September 31 was ordered paid to the board of public works in advance, in order that bills for the present work might be paid.

COMMITTEE MEETING.

Richard Tobin Resigned as Committee-
man From Nodaway—S. S.
Webb Selected.

The Democratic county committee was in session Friday afternoon to discuss plans for the campaign. Richard Tobin, who was elected as committeeman from Nodaway township, resigned and S. S. Webb was elected to succeed him. The members of the committee present were: J. F. Robb of Hopkins township; J. C. Hocker of Washington; A. G. Castillo of Lincoln; Howard Bancroft of Atchison; C. H. Talbot of Hughes; W. S. Linnville of Monroe; E. O. Gray of Union, and John Dawson, chairman, and Ellis G. Cook, secretary.

All of the candidates on the Democratic county ticket were in attendance at the meeting Friday.

WERE BURNED TO DEATH.

The Children of Mrs. Nisgo, Daughter
of Madison Goodson of Ravenwood,
Died as Result of Burns.

Three small children of Mr. and Mrs. Oliver Nisgo of Gilman, Col., former residents of Ravenwood, were burned to death and Mrs. Nisgo is in a serious condition from burns received in a fire Wednesday which destroyed their home and its contents.

Mrs. Nisgo's brother and sister, Ira and Frankie Goodson, of Ravenwood, have gone to Gilman. Mrs. Nisgo is the eldest daughter of Mr. and Mrs. Madison Goodson of Ravenwood.

No particulars of the tragedy are yet known. The telegrams received by the Goodson family gave only the most meager news. Mr. Nisgo has been in business at Gilman for a number of years.

FIVE ARMY CORPS

OF THE RUSSIANS DEFEATED
NEAR ALLENSTEIN.

ENGLAND VICTOR ON SEA

Three German Cruisers Destroyed and
Loss of Life on Them is Re-
ported Not Heavy.

(By American Press.)

Berlin, August 29.—News of the defeat of five Russian army corps, south of Allenstein, made public here today. It is regarded as encouraging and greatly relieving the situation in East Prussian. Allenstein is about sixty miles south of Königsburg.

WAR NEWS SUMMARIZED

Again there was a paucity of news concerning the land warfare in Europe. The French war office, in a statement, said laconically that the situation along its lines was unchanged, adding that the Germans apparently have slackened their march. That was all.

From England there came not a word concerning the fighting on land.

The German forts at Tsingtao fired upon two Japanese cruisers reconnoitering off the fortress. One of the cruisers is said to have been damaged.

Louvain, a Belgian town of 50,000 inhabitants and with many historic buildings, is reported to have been burned.

Because of the nonpayment of a war levy of \$40,000,000, the Germans, it is said, threaten to seize the famous pictures and objects of art in the museums of Brussels.

London, Aug. 29.—It is announced that the British fleet has sunk two German cruisers and two German torpedo boat destroyers off Heligoland. A third cruiser was set afire and was left sinking.

No British ships were lost in the battle, it was added, and the British loss of life was not heavy.

In addition to the two torpedo boat destroyers and three cruisers, many of the German torpedo boats were damaged.

Recent reports had it that a large part of the flower of the German navy lay in the waters adjacent to the mouths of the Elbe and Weser and in the Kaiser Wilhelm canal.

Rear Admiral Sir David Beatty commanded the British forces and with a strong array of torpedo boat destroyers, battle cruisers and light cruisers and submarines, attacked the Germans in Heligoland bight. The protected cruiser Mainz was sent to the bottom in an engagement with the light cruiser squadron, while the battle squadron sank another cruiser of the Coeln class.

One cruiser, battle-scarred and on fire, drifted away in a sinking condition and was left sight of.

The British cruiser squadron, according to the semi-official report of the battle, although attacked by submarine boats and menaced by floating mines and the guns from the German warships, suffered no serious losses.

The cruiser Amethyst and the torpedo boat destroyed Laertes were damaged, but all the ships in the British fleet were afloat at the end of the engagement.

A wireless dispatch received from one of the cruisers said it was making for port with men wounded in the engagement.

Senegambia Taken.

Hongkong, Aug. 29.—The German steamer Senegambia, with a cargo of cattle and coal, was made a prize, jointly by the British cruiser Hampshire and the French cruiser Duplex. The German steamer C. Ferdinand Laeisz, which sailed from Yokohama on July 26 for New York, arrived here, a British prize. It is reported that the German steamer Yorck and Prinz Waldemar also have been captured and are being brought here.

The British torpedo boat destroyer Welland has engaged and sunk the German torpedo boat destroyer S-90 in Chinese waters.

The German merchant ships, the steamers Frisia, Hanametal and Paklat, have been captured by the British fleet and taken to Weihaiwei. A number of refugee women and children from Tsingtao on board the Paklat were transferred to another vessel and taken to Tientsin.

The steamer Hanametal flies the American flag.

Belgian Queen Won't Leave.

Antwerp, Aug. 29.—Queen Elizabeth of the Belgians has refused to accede to the wishes of her family that she leave Belgium by sea. She is working every day in the Red Cross hospitals.

Home From Visit.

Miss Mabel Null returned last night to her home in Pickering, after a visit in this city with Miss Helen Wamsley, and at Bedison with Miss Claire Kidder.

MORE FAIR PRIZES

FOR THE BABY SHOW AND THE
CHICKEN SHOW.

MANY EXHIBITS HERE

And Horses Are Arriving Daily for the
Horse Show and the Races—
Boxes Have Been Sold.

The county fair will open Tuesday and the indications are that it will be largely attended. Many season tickets have been purchased and they will be kept on sale at the drug stores and the Real Estate bank and Farmers Trust company during the fore part of next week.

Many horses are being sent here for the horse show to be given during the mornings of the fair and for the races. Then cattle are being sent in, and a large number of other exhibits, such as agricultural products.

By Monday all arrangements will be ready for the opening. The concession men are coming on each train, and at present the fair grounds present a busy appearance.

Four boxes have been built from the grand stand for the races. They have been sold to W. C. Pierce, R. P. Hosmer, W. F. Phares, H. F. Leet, Dr. D. J. Thomas, Dr. Will Wallis, Jr., Fay Bellows and Edward Keck.

The list of premiums for the Nodaway county fair continues to grow, the prizes ranging from gold to merchandise for exhibits that start with the baby show and end with the mule race.

The Gillam-Jackson Loan and Trust company has donated \$50 in gold to the baby show, to be divided as follows: The best baby boy, \$10 in gold; second prize, \$5 in gold. The best baby girl, \$10 in gold; second, \$5 in gold. The best pair of twins, \$10 in gold; second, \$5 in gold. Each contestant will receive some small gift.

The baby show is to be held Wednesday.

The Real Estate bank offers \$25 in prizes for the best pens of poultry, \$5 in gold going to the best pens of each of five varieties. The following are the varieties of chickens for which the prizes are offered: Any variety of Rocks, Wyandottes, Orpingtons, Rhode Island Reds and Leghorns.

The Townsend Grocery company offers 500 pounds of flour to the winner of the mule race.

A. O. Mason offers \$5 for the best twenty ears of corn of any variety.

TWO MORE CHAUTAUQUAS.

The One at Burlington Junction Com-
menced Today—Hopkins Assem-
bly Opens Sunday.

The Chautauqua at Burlington Junction opened this afternoon at the public school grounds in that city. The program this afternoon was given by the Merry-makers Sextet and by A. L. Blair, who lectured on "The Whirr of the Press." The program this evening will consist of a concert by the Merry-makers Sextet. For Sunday, the afternoon program will consist of music by the McDonald company, and a lecture by Chaplain E. H. Lougher on "A Thousand Million Men." In the evening there will be music by the McDonald company, and an illustrated lecture by Walter G. Smith of the Panama canal. The assembly at the Junction will close Wednesday.

The Hopkins assembly will open Sunday and will be held in the city park there. The program for Sunday consists of a concert by the Merry-makers Sextet and a lecture by A. L. Blair on "The Whirr of the Press." The evening program will be given by the Merry-makers Sextet.

The programs to be given at Burlington Junction and Hopkins are the same.

Colbert Leaves Today.

Herschel Colbert, who has been the city editor of The Daily Democrat-Forum during this summer, left today for Des Moines, Ia., where he will visit a week or so. He will return this fall to Columbia to resume his studies at the university. Mr. Colbert will finish the journalism course at the university the coming year.

Sheriff Wallace Returns.

Sheriff Ed Wallace returned Saturday from Forsyth, Ga., where he took Jack James to the penitentiary. James was wanted there as he is an escaped convict. Sheriff Wallace, on his way home, stopped off at Knoxville, Tenn., near which place he was born.

BASKET DINNER TOMORROW.

At Buchanan Street Methodist Church
—Dr. Paul H. Linn to Preach
in the Morning.

Dr. Paul H. Linn, president of Central college of Fayette, Mo., will occupy the pulpit of the Buchanan Street Methodist church on Sunday morning. Dr. Linn is a former pastor of the church. As Sunday will be the last one of this conference year, a home-coming will be had and a basket dinner will be served on the lawn of J. H. Thorp. Afternoon services will be held and a report of what has been accomplished during the year will be given.

Dr. Linn will preach Sunday evening at the M. E. church, South, at Ravenwood.

Rev. Randolph expects to leave for conference Tuesday morning. It is to be held in St. Joseph.

THE FUR ANKLET.

Rumored That Will Be the Newest
Thing and What Homer Croy
Has to Say.

The following is from this week's Judge, written by Homer Croy, under the caption "Proposals Wanted."

It is rumored that the newest thing on the board walk at Atlantic City in the autumn will be the fur anklet. This seems to be doubted by many people. All persons wishing to find out more about the anklet can interest me. I am open to a proposition to make investigations for a limited number of people. Any time anybody wants to have any looking of this kind done for him, he may address me in care of this magazine. I shall be only too pleased to submit sealed bids.

BAND FOR KIDDIES' PICNIC.

Everything Ready for the Big Outdoor
Celebration Monday.

Some lively band music is to help make the school children's picnic more lively Monday. The Commercial club has engaged the Maryville band as an escort both to and from the picnic grounds and to furnish music during the afternoon.

The start is to be made at 1:30 o'clock from the library and there have been sufficient autos provided to take all the children. Superintendent Westbrook and Rev. Robert L. Finch, who have charge of the games and sports, have provided a good program of events, and the children will be accompanied by a number of parents and teachers who will exercise a careful espionage, that no accidents or mishaps will occur.

MATERIAL IS HERE.

For the Sandpoint System and Work
Began This Afternoon of Lay-
ing the Pipes.

The material for the sandpoint system for supplying the city with water is all here and the work commenced today of laying the pipes. Mr. Hockensmith, the Wabash man, will be here Monday morning and he, with Mr. Hooper, will drive the sandpoints. City Engineer Flynt is of the opinion that the city will have a supply of water by the last of next week if there is no unexpected setback.

SUES FOR DIVORCE

MRS. STAPLES BRINGS SUIT
AGAINST W. J. STAPLES.

OTHER SUITS ARE FILED

Today is the Last Day of Service for
Cases for the September Term
of Circuit Court.

A suit for divorce filed Saturday was by Florence L. Staples vs. Willis J. Staples, who is the agent here for the Wells-Fargo Express company and the Western Union.

The petition states that they were married in Bremer county, Ia., on May 23, 1878, and that they continued to live together until April, 1908, when defendant absented himself without just cause. The petition alleges that the defendant offered to plaintiff such indignities as to render her condition intolerable, often maltreated plaintiff and cursed and abused her; at sickness, defendant complained of the expense of medicine and of medical treatment; in presence of plaintiff and other members of the family, defendant falsely accused plaintiff of being of unsound mind and threatened to incarcerate her in state hospital No. 2 at St. Joseph; that there exists such incompatibility of temperament between plaintiff and defendant that they cannot live together in an agreeable manner as husband and wife should.

The petition claims that the defendant is worth \$16,000 in real estate and personal property and plaintiff is praying for a divorce, support and alimony as the court may give to her.

Shinabargar, Blagg & Ellison are the attorneys for Mrs. Staples.

Another divorce suit filed Saturday was by Myrtle Pulley vs. Carlos Pulley. The petition states that they were married in Andrew county, October 7, 1893, and lived together until February 27, 1914. The petition alleges indignities and says that the defendant is worth \$4,000. A divorce, such support and alimony as the court may see fit to give is asked for. The attorneys for Mrs. Pulley are J. W. Sullinger of King City and Shinabargar, Blagg & Ellison of this city.

A suit filed Saturday to set aside a deed was that of Catherine Gebbekin, Patricia L. Stevens, James Charles O'Connor and John O'Connor, Jr., vs. P. L. Growney and Phil R. Growney. It is a suit to divest title to some land out of Phil Growney's name to the plaintiffs, and also for a judgment of \$720, rents and profits which the plaintiffs claim the defendants owe them. Moore & Noble and M. E. Ford are the attorneys for the plaintiffs.

Saturday was the last day of service for all cases for the September term of court with the exception of suits on notes and accounts. The September term will convene on Monday, September 28. There are many cases on the docket and a number of important ones.

A suit filed this afternoon was by Shinabargar, Blagg & Ellison for Lydia F. Weber vs. John Dubbe, being an ejectment suit for possession of a dwelling house, and for damages of \$100, and rent at \$15 per month since June.

INCREASE OF \$300.

Nodaway County Will Receive That
Much More School Money Than
Last Year.

Nodaway county will receive this year \$20,527.44 school money from the state, and the county court at their meeting to be held September 7 will make requisition for this amount. The county received in 1913 \$20,230.18.

PLAYGROUNDS FOR NATIONS.

Canada's National Park—Yellowstone, at Present Largest in World, to Be Dwarfed by One in Africa.

Playgrounds are big as principalities. Parks the size of provinces!

The young nations of the world are providing these things for themselves; they are growing up, and are looking ahead to the future.

Only the other day, for instance, Canada passed an order in council setting aside as a national park an area of approximately 100 square miles in British Columbia, near Mount Revelstoke, on the Canadian Pacific railway. It will be known as the Revelstoke national park, and within its borders are specimens of nearly all kinds of scenic beauty, including glaciers, snow clad mountain peaks, waterfalls, lakes and rivers.

Australia's new national playground, situated in New South Wales, also has a mountain—Mount Kosciusko—as its central feature, and is practically identical in point of size with Canada's. But neither of these bears comparison, either for size or for grandeur and beauty, with America's Yellowstone national park, which covers an area of 3,348 square miles; nearly equal, that is to say, to that of Kent, Surrey and Sussex combined.

The Yellowstone park was set aside as a playground in perpetuity for the people of the United States so long ago as 1872. Within its borders is to be found the most wonderful collection of natural marvels in the world—the biggest geysers, the highest waterfalls, the deepest canyons, the most stupendous precipices. One sheet of water alone, Yellowstone lake, covers an area of 339 square miles, and is of surpassing beauty; and there are, beside, innumerable smaller lakes, boiling springs, mud volcanoes, caves and grottoes of vast extent, and fantastically carved and beautifully colored basaltic terraces of every conceivable shape and design.

The Yellowstone is at present by far and away the biggest national playground in the world, but it will presently be dwarfed into comparative insignificance by the one which the German government is about to establish near Lake Eyass, in East Africa, and which will be 30,000 square miles in extent, roughly the size of Ireland. Here it is intended to preserve in their natural surroundings specimens of all African fauna that is not carnivorous—zebras, giraffes, elephants, monkeys, antelopes and so forth.—Tit-Bits.

35 gallons of B. P. S. paint to be closed out at once for cash. Half gallons 75c, quarts 40c. This is first class paint, but must be closed out as we are not going to handle any more. Parle's pharmacy.

INDIAN TROOPS ON WAY TO AID ALLIES

Asiatic Subjects of Empire Will
Fight I's Foes In Europe.

London, Aug. 29.—Native troops from India are now on their way to increase the British forces in France. Lord Kitchener, secretary of state for war, announced in the house of lords that in addition to reinforcements, which would be received from England, the government had decided that the British army in France should be further increased. The troops to increase the forces were now on the way, he said. He added that all the gaps in the army in France were being filled up.

That the employment of native Indian troops was meant by Lord Kitchener was later confirmed by the Marquis of Crewe, secretary of state for India, who said: "It has been deeply impressed on the government that the wonderful wave of enthusiasm and loyalty at the present time passing over India is largely due to the desire of the Indian people that Indian soldiers should stand side by side with their comrades in the British army."

French and English Surrounded.

Washington, Aug. 29.—"The French and English north armies on the Semibre and Meuse rivers have been surrounded by German troops on all sides as a result of the latest fighting," says a wireless from Berlin to the German embassy. The message adds that the "French east army has been partly driven to the south. This has prevented communication between the French east and north armies, while all the German armies are in contact from Cambrai through upper Alsace. The German cavalry has advanced to Ostend."

Asquith to Stimulate War Spirit.

London, Aug. 29.—Premier Asquith has decided to address meetings in the principal cities in the United Kingdom to make plain the cause of the war and to set forth that it is the duty of every man to do his part to make the issue a successful one for British arms. The premier has dictated letters to the lord mayors of various cities with regard to these meetings.

It is pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

GERMANS SET LOUVAIN AFIRE

Belgian Town Given to Torch by Victorious Invaders.

FORMAL PROTEST MADE TO U. S.

Belgian Minister Files Complaint With American State Department at Washington—He is Deeply Moved and Says Matter Concerns World.

Washington, Aug. 29.—The Belgian foreign minister reports that the Belgian city of Louvain, in the province of Brabant, has been burned by the Germans.

Formal protest against the burning of Louvain by German troops as a violation of international law and the laws of humanity was submitted to the state department at Washington by Belgian Minister Havenith.

The minister was deeply moved, when he left Secretary Bryan's office, where for the last few weeks his visits have meant the record of pathetic history for his country.

"I bring this knowledge to the United States," the minister said, sadly, "for it is not only Belgium who has to mourn. This thing concerns the whole world."

The loss of the old church of St. Pierre was mentioned and also the destruction of the "Jewel of Gothic architecture," the Hotel Belle.

In conclusion the message ran as follows: "Americans, many of whom have followed courses at this illustrious alma mater and have there received such cordial hospitality cannot remain insensible to this outrage on the rights of humanity and civilization, which is unprecedented in history."

The city was burned by the Germans as an act of reprisal, alleging Belgian citizens fired on German soldiers. The Belgians claim, however, the people of Louvain did not commit the hostile act charged, but that it was the Germans themselves who fired on their fellow countrymen.

OFFICIAL REPORT OF DEED

Belgian Ministers Lodge Protests With Powers Over the Act.

London, Aug. 29.—The war information bureau announces the following:

The Belgian minister of foreign affairs reports that a German army corps, after receiving a check, withdrew in disorder to the city of Louvain. The Germans on guard at the entrance of the city, mistaking the nature of this incursion, fired on their countrymen, whom they mistook for Belgians.

In spite of all the denials from the authorities, the Germans in order to cover their mistake, pretended it was the inhabitants who had fired on them, whereas the inhabitants, including the police, all had been disarmed more than a week before.

Without inquiry and without listening to any protest the German commander announced that the town would be destroyed immediately. The inhabitants were ordered to leave dwellings and some were made prisoners. The women and children were placed on trains, the destinations of which are not known, and soldiers, furnished with bombs, set fire to all parts of the city. The splendid Church of St. Peter, the university buildings, the library and scientific establishments were delivered to the flames.

Several notable citizens were shot. The city, which had a population of 45,000 and was the intellectual metropolis of the low countries, is now nothing more than a heap of ashes.

Wilson's Observe Mrs. Sayre's Birthday

Windsor, Vt., Aug. 29.—President Wilson, who came here to begin his first vacation of the summer at "Harlakenden House," with his family celebrated the birthday of his daughter, Mrs. Francis B. Sayre. Despite the efforts of all members of the family to make the occasion a happy one, the recent death of Mrs. Wilson could not be forgotten. The president did his best to appear cheerful, but plainly showed his grief.

Bankers to Meet Reserve Board.

Washington, Aug. 29.—A conference between representative bankers from the twelve reserve cities and other business centers and the federal reserve board, which may result in an immediate announcement of the time of the opening of the new banking system, was called by the board for Sept. 4. Two bankers have been invited from each reserve city and six others from non-reserve cities.

Three Cruisers Are Hunting Leipzig. Seattle, Wash., Aug. 29.—The British cruisers Newcastle and Rainbow and the Japanese cruiser Idzumi, are still cruising along Vancouver Island and the northern British Columbia coast, seeking the German cruiser Leipzig. The belief is growing that the German vessel did not come north of Cape Mendocino, Cal., where it was sighted ten days ago.

Montreal Sentry Slain.

Montreal, Aug. 29.—Sixteen-year-old Gordon Bette, private in the Fifth Royal Highlanders, was shot in the eye and killed by an unseen assailant while on sentry duty at the canal at Soulanges. Soldiers at Soulanges, guarding the canal, have been fired on repeatedly during the last few days.

Those in the party beside the visiting guests were Miss Clydell White, Miss Leona Pierpoint, Miss Mildred Nicholas, John Wallace and Glen Pierpoint.

A Moratorium.

The term "moratorium" is so seldom used that it is not familiar to many. The moratorium which has been declared by most European nations is a period during which one has a legal right to delay meeting an obligation, especially such a period granted to a bank by a moratory law, which is a law passed in a time of financial panic to postpone or delay for a period the time at which notes, bills of exchange and other obligations shall mature or become due.

Tires at Before-War Prices

Goodyear Prices

It Is Folly Today to Pay More

There exists now a new, compelling reason for buying Goodyear tires. It results from War conditions.

These leading tires—built of extra fine rubber, in the same way as always—are selling today at June prices.

You will find today a very wide difference between most tire prices and Goodyears.

Due to Quick Action

Early in August—when war began—the world's rubber markets seemed closed to us. Rubber prices doubled almost overnight.

Men could see no way to pay for rubber abroad, and no way to bring it in. We, like others—in that panic—were forced to higher prices. But we have since gone back to prices we charged before the war, and this is how we did it:

We had men in London and Singapore when the war broke out. The larger part of the world's rubber supply comes through there. We cabled them to buy up the pick of the rubber. They bought—before the advance—1,500,000 pounds of the finest rubber there.

Nearly all this is now on the way to us. And it means practically all of the extra-grade rubber obtainable abroad.

Today we have our own men in Colombo, Singapore and Para. Those are the world's chief sources of rubber. So we are pretty well assured of a constant supply, and our pick of the best that's produced.

We were first on the ground. We were quickest in action. As a result, we shall soon have in storage an almost record supply of this extra grade of rubber.

And we paid about June prices.

Now Inferior Grades Cost Double

About the only crude rubber available now for many makers is inferior. In ordinary times, the best tire makers refuse it. Much of it had been rejected. But that "off rubber" now sells for much more than we paid for the best.

The results are these:

Tire prices in general are far in advance of Goodyears. And many tire makers, short of supplies, will be forced to use second-grade rubber.

Be Careful Now

In Goodyears we pledge you the same grade tire as always. And that grade won for Goodyears the top place in Tiredom—the largest sale in the world.

And, for the time being, our prices are the same as before the war. We shall try to keep them there.

We accept no excessive orders; but dealers will be kept supplied. And we charge them, until further notice, only ante-bellum prices.

That means that Goodyears—the best tires built—are selling way below other tires.

ALLIES ARE NOW

ON DEFENSIVE

"Iron Ring" Is Put Around British and French Armies.

London, Aug. 29.—News of the gravest character came from France, where in a single week the aspects of the operations have changed entirely. Last week the allied armies were pursuing an offensive campaign on all the frontiers. Now, according to official news received from Berlin, Emperor William is congratulating his people on the success of the German arms in the task of putting the "iron ring" around allied armies from Cambrai, department du Nord, France, to the Vosges, while Lord Kitchener, the British war minister, came into parliament with the announcement that troops from India are being called to help the British arms in France, and that the British army is to be immediately reinforced.

It is already realized that the terrible struggle is only at its beginning, and that the German plan of campaign, openly revealed to Sir William Edward Goschen, then British ambassador to Germany, by Gottlieb von Jagow, the German foreign secretary, namely to strike the swiftest and strongest blow at France, regardless of Belgian neutrality or any other hindrance, and then, when France is at Germany's feet, for Germany to turn its attention to the Russian attack, is being carried through ruthlessly.

The offensive strategy of the allies is abandoned. The German army, in vastly superior numbers, has imposed on the allies, a purely defensive strategy, which is devoted to delaying as much as possible what now seems to be an inevitable advance on Paris.

MEN OFF TO WAR

American Artists Help French Women Get In Crops.

London, Aug. 29.—The American artists, who, along with a number of British painters, make their summer homes at Etaples, near Boulogne, France, with one exception, are coming over to England. Marion Barlow, a well known American painter, has decided to stay.

Two of the refugees, John Noble and Henry Tanner, arrived in London. Mr. Noble, who comes from Wichita, Kan., said that a portion of the British expeditionary force marched past his house. The arrival of the British soldiers made a wonderful change in French feeling.

Before their departure from Etaples, Mr. Noble and Mr. Tanner helped the women of the vicinity get in their crops, all the men having been called to the colors. When Mr. Noble left Etaples wounded men were being brought into Paris-Plage.

Home From Northern Trip.

Mr. and Mrs. G. B. Roseberry and daughter returned last night from a three weeks' northern lake trip. They also visited at Conrath, Wis., with Mrs. Roseberry's aunt, Mrs. John Tate, and family.

MISSOURI'S POTATO PATCH.

It Contains 87,000 Acres with Probable Yield of 4,402,000 Bushels.

The Missouri Irish potato patch contains 87,000 acres this year, and the total production will be approximately 4,402,000 bushels, according to estimates made by the United States crop reporting board. The condition of the crop is 87 per cent of normal and the price at the present time is averaging around \$1.14 per bushel.

In continental United States there are 3,708,000 acres planted to this product and this year's production is estimated at 360,614,000 bushels by the federal department of agriculture. This year's crop will exceed the average crop of the past five years by approximately 4,000,000 bushels. The rations produced last year was 331,525,000 bushels, was produced on 3,568,000 acres of land and sold for \$227,903,900, or an average of 90 cents per bushel.

Good Corn Despite Dry Weather.

J. M. Wilson of Graham has corn that will make fifty bushels to the acre, having 300 acres of just this kind of corn. He has another field of forty acres of white corn that he believes will turn out more than ninety bushels to the acre. The Graham Record says.

Mr. Wilson is now filling three large silos, which will hold 750 to 800 tons of ensilage. He figures that his corn, that he is cutting for ensilage, will make from twelve to fifteen tons to the acre. He says that this is the best balanced feed one can give to cattle. They like it and do well on it. It is not a fattener and should not be used for that, only a balance feed and when given to cattle in this way, no farmer can afford to be without a silo. Beside being a banker, one can readily see that Mr. Wilson is somewhat of a farmer.

Says He Is Mistaken.

James A. Glover of Burlington Junction says that he was sure George S. Baker was mistaken in the date of the cold spell that ruined the crop and did other great damage. The Democrat-Forum yesterday quoted Mr. Baker as saying the freeze came fifty-one years ago yesterday, August 26. Mr. Glover is certain that the date was sixty-one years ago today, August 27, as the freeze was so severe it was a date long to be remembered. He was living at Naperville, Ill., at the time and the heavy frost practically ruined the corn crop all over the central west.—Burlington Junction Post.

And now Leonard Houston believes he has some of the beatnest beets of the season. One beet in his garden weighed 3 pounds and 6 ounces, and measured 20 1/4 inches in circumference. Two other beets weighed 2 pounds and 14 ounces, but Leonard failed to find what their girth measured. The Post agrees with Leonard that those are "some beets" and are hard to beat any place.—Burlington Junction Post.
